COMMUNITY BOARD GAME · PRINT-AND-PLAY KIT

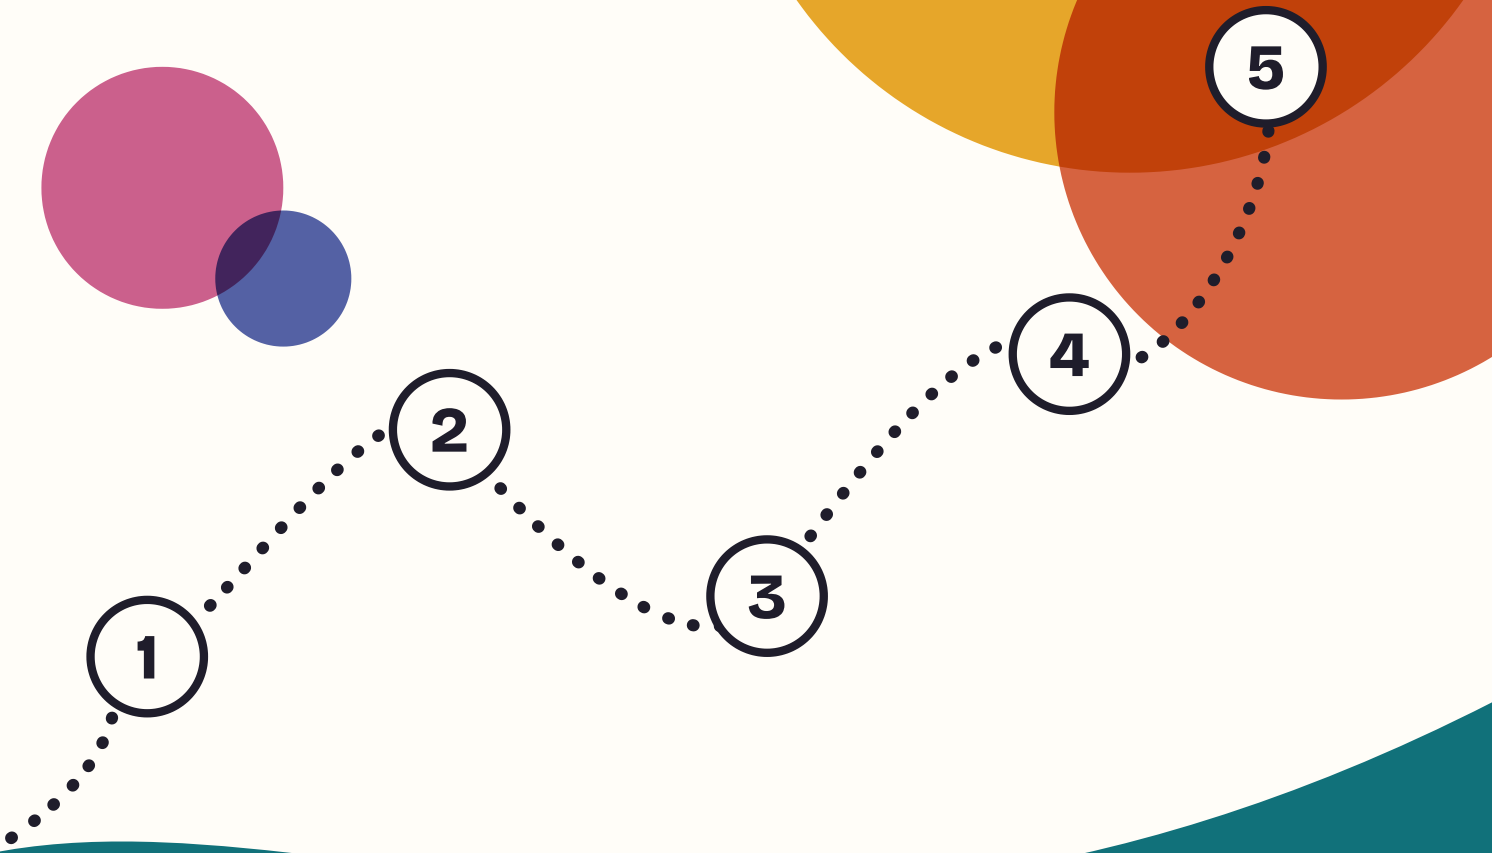

# Protagonists of Change

One year, five stations and a community that decides its own energy path.

PILOT EDITION

## Yucatán, Mexico

Designed for rural communities across Latin America. Fixed Events, real Actors and language change with each territory.

**Prototype v0.1**
4–8 players · 90–120 minutes · can be split into sessions

Maaya t'aan (Yucatec Maya) version: in preparation
with speakers from the pilot community

# How to play

The group is a community with **one year** to travel through **5 stations** and build its energy Plan. At each station players learn, talk about their own reality and make a decision that is written into the Plan. Everyone plays together: they win or lose as a community.

## 1 On the table

- Board: 12-month calendar and 5 stations
- 8 Role cards and 1 Judge card
- Need cards (Station 1)
- 25 Challenge cards (5 per station)
- 12 Event cards
- Solution, Actor and Funding cards
- Tokens: Trust, Knowledge and Resources (or corn, beans and pumpkin seeds)
- 3-minute sand timer or timer
- Community Plan sheet (2 pages) and a pencil

## 2 Setup

1. Read the **consent** aloud (Step 0).
2. Each person takes a **Role** card. Its power helps the whole group.
3. The group starts with **1 token of each kind**.
4. The marker starts in **January** and the group at **Station 1**.
5. Sort the Challenges by station and shuffle the Events.

### ⚖ The Judge

Each month a different person is the Judge, and they keep playing. The Judge checks that **everyone speaks**, decides whether what the group said is **a real agreement**, and reads the answers to Questions.

## 3 Each month, in this order

**1**
Event: read the month's card. If it is bad, the group chooses: pay tokens or accept the consequence. No Event in January.

**2**
Challenges: each person, in turn, chooses which token to try for and draws a Challenge from the current station.

**3**
Move on? If the group has the station's price, they pay it, decide, write in the Plan and advance.

**4**
The month advances. The Judge role passes to the left.

The group can stay several months at one station. Leftover tokens are kept. May and September have a fixed Event (printed on the board): no card is drawn those months.

## 4 The Challenges

| TOKEN | CARD | HOW TO WIN IT | TIME |
|---|---|---|---|
| Knowledge | **Question** | Answer correctly. If wrong, the card goes to the bottom. | No timer |
| Trust | **Conversation** | Everyone speaks and the group reaches an agreement the Judge approves. The agreement is written into the Plan. | 3 min |
| Resources | **What we have** | Name 3 concrete things the community has: people, skills or materials. | 3 min |

If someone cannot read, the facilitator reads the card aloud. "I agree with…" also counts as speaking.

# The 5 stations

| STATION | PRICE | WRITTEN INTO THE PLAN |
|---|---|---|
| **1. What do we need?** | 3 | Our 3 main needs |
| **2. What options exist?** | 3 1 | One solution for each need, and why |
| **3. Who can help us?** | Whatever the actors ask · at least 2 matches | Who we matched with and what they ask of us |
| **4. How do we make it happen?** | The Resources your solutions cost | How we pay (always with our own contribution) |
| **5. How do we take care of it?** | 2 1 1 | 3 people in charge and a review date |

## 5 Station 3: the Match

Like a dating app, there is a match when **both sides choose each other**.

1. Lay out 6 to 8 Actor cards face up.
2. **The community chooses:** each card goes to “Yes, let’s talk” or “Not for now”, saying why. “Yes” only counts if the actor helps with one of your solutions.
3. **The actor chooses:** turn over the “Yes” cards. To match, pay what each actor asks for.
4. With **2 or more matches** you complete the station.
5. Tick on the Plan sheet (page 2) the actor types you matched with: on the web, only real actors of those types will appear.

## 6 Station 4: paying

Add up the Resources your chosen solutions cost. Pay with tokens and Funding cards (each says what it requires). Always include at least **1 Resource token of your own**.

## 7 Winning and losing

- **You win** if you complete Station 5 before December ends.
- **You lose** if the year runs out, or if an Event takes your last Trust token: the community has split.
- If an Event asks for a token you don’t have (other than Trust), nothing else happens.

### Closing: “And in our community?”

15 minutes at the end. The group reviews its Plan and adjusts it to its reality. Win or lose, the community keeps its Plan. If you lost, talk about it: what were we missing?

## 8 Assembling the kit

- Print on US Letter at 100%.
- Cut the cards along the border.
- Actors: cut out the strip and fold along the dotted line (front outside, requirements on the back).
- Corn, beans and pumpkin seeds can replace paper tokens.

Prototype v0.1: prices, Events and number of months are starting values, to be adjusted after the first playtests.

STEP 0 · BEFORE PLAYING

# Consent

Read aloud in Spanish and in the community's language. Consent can be given verbally. Answers belong to the group; no names are recorded.

> Today we are going to play **Protagonists of Change**. It is a game to talk about the energy we use at home and in the community, and to think together about what we can do.
>
> This is not a government programme and we are not giving anything away. Taking part does not change any support you receive.
>
> We will write down what the group decides, but not your names. What we write belongs to the community: at the end we leave you the Plan you make.
>
> You may choose not to take part, not to answer, or to leave at any time, without giving reasons.

### We ask each question separately

| | | |
|---|---|---|
| **1** | Do you want to play today? | ☐ **Yes** ☐ **No** |
| **2** | May we write down the group's decisions, without names, to improve the game? | ☐ **Yes** ☐ **No** |
| **3** | May we take photos or record audio? If anyone says no, none are taken. | ☐ **Yes** ☐ **No** |
| **4** | Do you want us to share your Plan with the organisations or companies you choose? Only with those the community decides. | ☐ **Yes** ☐ **No** |

### For the facilitator

- Before arriving, ask permission from the community's own authority (assembly, local council or committee).
- Under-18s play only with permission from a parent or guardian.
- If someone does not want photos, they appear in none, not even in the background.
- Without a "yes" to question 4, the Plan stays with the community only.
- Leave a team phone or WhatsApp number so the community can ask for its data to be deleted.

Design proposal, not legal advice. To be validated with someone experienced in community research ethics and against each country's data law.

PROTAGONISTS OF CHANGE · BOARD

# The Community Route

| Jan | Feb | Mar | Apr | May | Jun | Jul | Aug | Sep | Oct | Nov | Dec |
|---|---|---|---|---|---|---|---|---|---|---|---|
| Start · no Event | | | | Extreme heat | | | | Hurricane season | | | Last month |

**Each month:** 1 Event · 2 Challenges (everyone) · 3 Move on? · 4 Next month

Fixed events — **May:** Extreme heat. Power cuts are more frequent. Pay 1 Knowledge, or lose 1 Resource. · **Sep:** Hurricane season. Roofs and cables are damaged. Pay 1 Resource, or lose 1 Trust.

## 1 What do we need?

| | |
| | |
| | |

**Review date:** _____

**Do we share this Plan with the chosen actors?** ☐ Yes ☐ No

This Plan belongs to the community. No personal names unless the community decides otherwise.

# How we organise

This page helps enter the Plan on the web and helps actors understand how the community works. Short answers: the main points of the conversations.

### Station 3 · Which types of actors did we match with in the game?

Tick the ones that ended up in “Yes”. On the web, only real actors of these types will appear.

- ☐ Municipality
- ☐ Energy cooperative
- ☐ Solar panel company
- ☐ Savings bank or microfinance
- ☐ Public energy programme
- ☐ Clean cooking organisation
- ☐ University
- ☐ Another community that has done it
- ☐ Other: _____

## Open questions

**1** **How does our community make decisions? (assembly, committee, authorities, other)**

**2** **What was the most important thing we discussed in the conversations?**

**3** **What should an organisation or company know before working with us?**

Shared with actors only if the community decides so (consent question 4).

ROLE

## The one who convenes

POWER

Once per game, calls an assembly: the group gains 2 Trust.

Anyone can take any Role.

ROLE

## The one who teaches

POWER

At Station 2, the group pays 1 less Knowledge.

Anyone can take any Role.

ROLE

## The one who farms

POWER

When winning a What We Have challenge, the group gains 2 Resources instead of 1.

Anyone can take any Role.

ROLE

## The one who cooks

POWER

Once per game, cancels an Event about cooking, firewood or gas.

Anyone can take any Role.

ROLE

## The one who remembers

POWER

Once per game, the group may retry a failed challenge: “we’ve been through this before”.

Anyone can take any Role.

ROLE

## The one who connects

POWER

At Station 3, turns over one extra Actor card before the Match.

Anyone can take any Role.

ROLE

## The one who runs the shop

POWER

Once per month, swaps 1 group token for 1 of another kind.

Anyone can take any Role.

ROLE

## The one who cares for health

POWER

Once per game, prevents an Event from taking away Trust.

Anyone can take any Role.

CHANGES EVERY MONTH

## Judge of the month

- ☐ Everyone spoke
- ☐ It is a real agreement
- ☐ I checked the answer

Keeps playing. At the end of the month, pass this card to the left.

NEED · STATION 1

## Lots of smoke when cooking

Does this happen here? Where? Who does it affect most?

NEED · STATION 1

## The power goes out

Does this happen here? Where? Who does it affect most?

NEED · STATION 1

## No light at night

Does this happen here? Where? Who does it affect most?

NEED · STATION 1

## Getting water is hard

Does this happen here? Where? Who does it affect most?

NEED · STATION 1

## Food goes bad

Does this happen here? Where? Who does it affect most?

NEED · STATION 1

## Too hot inside the house

Does this happen here? Where? Who does it affect most?

NEED · STATION 1

## We can't charge our phones

Does this happen here? Where? Who does it affect most?

NEED · STATION 1

## We spend a lot on firewood, gas or power

Does this happen here? Where? Who does it affect most?

NEED · STATION 1

## Another need:

QUESTION · WIN 1 KNOWLEDGE
Station 1 · What do we need?
1

## Smoke from cooking with firewood indoors: who does it affect most?

ANSWER · READ BY THE JUDGE
Whoever cooks, and children who spend time near the fire. Smoke harms eyes and lungs.

Win if correct. The Judge reads the answer.

---

QUESTION · WIN 1 KNOWLEDGE
Station 1 · What do we need?
1

## Is energy only for having light?

ANSWER · READ BY THE JUDGE
No. It is also for cooking, pumping water, keeping food, working, studying and staying in touch.

Win if correct. The Judge reads the answer.

---

CONVERSATION · WIN 1 TRUST
Station 1 · What do we need?
1

## What do we use energy for on a normal day, from sunrise to nightfall?

→ The agreement goes into the Plan · Station 1

3 min · Everyone speaks and reaches an agreement. The Judge approves it.

---

CONVERSATION · WIN 1 TRUST
Station 1 · What do we need?
1

## What costs us the most — in time, money or health— when we lack energy?

→ The agreement goes into the Plan · Station 1

3 min · Everyone speaks and reaches an agreement. The Judge approves it.

---

WHAT WE HAVE · WIN 1 RESOUR
Station 1 · What do we need?
1

## Name 3 things the community already does to deal with the lack of energy.

→ What you name can go into the Plan

3 min · Name 3 concrete things. The Judge approves it.

---

QUESTION · WIN 1 KNOWLEDGE
Station 2 · What options exist?
2

## Does a solar panel work on cloudy days?

ANSWER · READ BY THE JUDGE
Yes, but it produces less energy. That is why it is usually paired with a battery.

Win if correct. The Judge reads the answer.

---

QUESTION · WIN 1 KNOWLEDGE
Station 2 · What options exist?
2

## Which uses less firewood: an open fire or an improved cookstove?

ANSWER · READ BY THE JUDGE
The improved cookstove: it concentrates the heat and takes the smoke out through a chimney.

Win if correct. The Judge reads the answer.

---

CONVERSATION · WIN 1 TRUST
Station 2 · What options exist?
2

## For our most important need, what would a solution have to have for us to really use it?

→ The agreement goes into the Plan · Station 2

3 min · Everyone speaks and reaches an agreement. The Judge approves it.

---

CONVERSATION · WIN 1 TRUST
Station 2 · What options exist?
2

## What worries us about trying something new? What would give us confidence?

→ The agreement goes into the Plan · Station 2

3 min · Everyone speaks and reaches an agreement. The Judge approves it.

WHAT WE HAVE · WIN 1 RESOUR
Station 2 · What options exist?
2

## Name 3 local materials or skills that would help build or install a solution.

→ What you name can go into the Plan

3 min · Name 3 concrete things. The Judge approves it.

---

QUESTION · WIN 1 KNOWLEDGE
Station 3 · Who can help us?
3

## Does a public programme always give away complete equipment?

ANSWER · READ BY THE JUDGE
No. Many ask the community to contribute something: organisation, labour or part of the cost.

Win if correct. The Judge reads the answer.

---

QUESTION · WIN 1 KNOWLEDGE
Station 3 · Who can help us?
3

## What is a cooperative?

ANSWER · READ BY THE JUDGE
A group of people who jointly own a business or service and decide together how it works.

Win if correct. The Judge reads the answer.

---

CONVERSATION · WIN 1 TRUST
Station 3 · Who can help us?
3

## What does an organisation or company need to have for us to trust it?

→ The agreement goes into the Plan · Station 3

3 min · Everyone speaks and reaches an agreement. The Judge approves it.

---

CONVERSATION · WIN 1 TRUST
Station 3 · Who can help us?
3

## Has the community ever asked someone for support? What worked and what would we do differently?

→ The agreement goes into the Plan · Station 3

3 min · Everyone speaks and reaches an agreement. The Judge approves it.

---

WHAT WE HAVE · WIN 1 RESOUR
Station 3 · Who can help us?
3

## Name 3 people, groups or institutions the community already knows that could help.

→ What you name can go into the Plan

3 min · Name 3 concrete things. The Judge approves it.

---

QUESTION · WIN 1 KNOWLEDGE
Station 4 · How do we make it happen?
4

## Does a microloan have to be paid back?

ANSWER · READ BY THE JUDGE
Yes. It is a small loan paid back little by little, sometimes with interest. Always ask how much will be paid in total.

Win if correct. The Judge reads the answer.

---

QUESTION · WIN 1 KNOWLEDGE
Station 4 · How do we make it happen?
4

## What is faena (also called tequio, minga or mano vuelta)?

ANSWER · READ BY THE JUDGE
Community work: everyone contributes their time to a shared project. Each region has its own name for it.

Win if correct. The Judge reads the answer.

---

CONVERSATION · WIN 1 TRUST
Station 4 · How do we make it happen?
4

## How can we contribute to the project without anyone being left out for lack of money?

→ The agreement goes into the Plan · Station 4

3 min · Everyone speaks and reaches an agreement. The Judge approves it.

CONVERSATION · WIN 1 TRUST

Station 4 · How do we make it happen?

4

## How will we look after the project's money and materials so that everyone trusts it?

→ The agreement goes into the Plan · Station 4

3 min · Everyone speaks and reaches an agreement. The Judge approves it.

---

WHAT WE HAVE · WIN 1 RESOUR

Station 4 · How do we make it happen?

4

## Name 3 things the community can contribute that are not money.

→ What you name can go into the Plan

3 min · Name 3 concrete things. The Judge approves it.

---

QUESTION · WIN 1 KNOWLEDGE

Station 5 · How do we take care of it?

5

## What happens to equipment if nobody is in charge of looking after it?

ANSWER · READ BY THE JUDGE

It breaks down sooner and is often abandoned. That is why someone must be in charge from day one.

Win if correct. The Judge reads the answer.

---

QUESTION · WIN 1 KNOWLEDGE

Station 5 · How do we take care of it?

5

## Is it better for one person to know how to repair the equipment, or several?

ANSWER · READ BY THE JUDGE

Several. If the only person who knows leaves, the project stops.

Win if correct. The Judge reads the answer.

---

CONVERSATION · WIN 1 TRUST

Station 5 · How do we take care of it?

5

## Which community project has lasted many years? Why did it work?

→ The agreement goes into the Plan · Station 5

3 min · Everyone speaks and reaches an agreement. The Judge approves it.

---

CONVERSATION · WIN 1 TRUST

Station 5 · How do we take care of it?

5

## How often and how will we meet to check that everything works?

→ The agreement goes into the Plan · Station 5

3 min · Everyone speaks and reaches an agreement. The Judge approves it.

---

WHAT WE HAVE · WIN 1 RESOUR

Station 5 · How do we take care of it?

5

## Name 3 people or groups who could learn to look after and repair the equipment.

→ What you name can go into the Plan

3 min · Name 3 concrete things. The Judge approves it.

EVENT

Setback

## A piece of equipment breaks

Pay 1 Knowledge + 1 Resource, or lose 1 Trust.

The group decides: pay or accept the consequence.

EVENT

Setback

## Conflict in the assembly

Two families cannot agree. Play an extra Conversation now: if you win it, nothing happens. If not, lose 1 Trust.

The group decides: pay or accept the consequence.

EVENT

Setback

## A rumour

People say the project is only for a few. Pay 1 Knowledge (explain it well), or lose 1 Trust.

The group decides: pay or accept the consequence.

EVENT

Setback

## Gas prices go up

Pay 1 Resource, or lose 1 Trust.

The group decides: pay or accept the consequence.

EVENT

Setback

## Poor harvest

Pay 1 Trust (neighbours support each other), or lose 2 Resources.

The group decides: pay or accept the consequence.

EVENT

Setback

## Someone leaves to work elsewhere

Pay 1 Knowledge (someone else learns their task), or lose 1 Trust.

The group decides: pay or accept the consequence.

EVENT

Setback

## A pushy salesperson arrives

Offers “free” equipment if you sign today. Pay 1 Knowledge (read the fine print), or lose 1 Resource.

The group decides: pay or accept the consequence.

EVENT

Good news

## Village festival

The community gets together and feels encouraged. Gain 1 Trust.

Applies immediately.

EVENT

Good news

## A university team visits

They share a workshop. Gain 1 Knowledge.

Applies immediately.

EVENT

Good news

## A funding call opens

If you have 2 or more Trust, gain 2 Resources.

Applies immediately.

EVENT

Good news

## Another community shares its experience

Gain 1 Knowledge.

Applies immediately.

EVENT

Good news

## A quiet month

Nothing special happens. Breathe.

Applies immediately.

FUNDING · STATION 4

+2

## Group savings

TO USE IT

Pay 1 Trust.

Saving together requires trust.

FUNDING · STATION 4

+2

## Faena (community work)

TO USE IT

Pay 1 Trust.

Community labour instead of money.

FUNDING · STATION 4

+3

## Public fund

TO USE IT

Requires a match with the Municipality or the Public programme.

FUNDING · STATION 4

+3

## Microloan

TO USE IT

Requires a match with the Savings bank.

At Station 5 pay 1 extra Resource: it must be repaid.

FUNDING · STATION 4

+2

## Company partnership

TO USE IT

Requires a match with the Company or the Cooperative.

FUNDING · STATION 4

+1

## Donated materials

TO USE IT

Pay 1 Knowledge (knowing what to ask for).

SOLUTION · STATION 2

## Improved wood cookstove

HELPS WITH

COST 2

**Upkeep:** Clean the chimney often.

**Note:** Can be built with local materials, and people keep cooking as they always have.

SOLUTION · STATION 2

## Solar lamps

HELPS WITH

COST 1

**Upkeep:** Leave them in the sun every day.

**Note:** They give light, but not enough for appliances.

SOLUTION · STATION 2

## Home solar system

HELPS WITH

COST 3

**Upkeep:** Clean the panel and look after the battery.

**Note:** Produces less on cloudy days.

SOLUTION · STATION 2

## Solar water pump

HELPS WITH

COST 4

**Upkeep:** Check the pump and the panel.

**Note:** Works best as a community project.

SOLUTION · STATION 2

## Biodigester

HELPS WITH

COST 3

**Upkeep:** Feed it with manure every day.

**Note:** Needs animals nearby. Also produces fertiliser.

SOLUTION · STATION 2

## Community solar fridge

HELPS WITH

COST 4

**Upkeep:** Shifts to look after and clean it.

**Note:** For food and medicines.

SOLUTION · STATION 2

## Cool roof

HELPS WITH

COST 2

**Upkeep:** Almost none.

**Note:** Reflective paint, insulation or ventilation: lowers heat without using power.

SOLUTION · STATION 2

## Gas stove

HELPS WITH

COST 2

**Upkeep:** Check hoses and valves.

**Note:** Gas must be bought every month.

SOLUTION · STATION 2

## Another solution:
